### Dog Talk

Tired of giving that once a month chewable heartworm prevention tablet? Well the Proheart6 injectable heartworm prevention is here. One injection every six months!

Boulevard Veterinary Hospital has been certified to administer the Proheart6 injectable heartworm preventative. Proheart6

provides your canine with six months of continuous heartworm prevention. In order for your pet to receive the Proheart6 injection, certain conditions must be met:

1. Be between the ages of 6months and 7 years old.
2. Have a current heartworm test.
3. Have a current blood profile.
4. Have a current medical exam.

Please call our office for more information at 461-4416.

### Kitty Corner

**Is your cat missing its litter box these days?**

**Do you have multiple cats in the house?**

**Paying attention to your cat's hygiene habits is an important factor in the overall health of your kitty. If your cat is starting to show signs of urinating outside the litter box or leaving you presents around the house, then it may be trying to tell you to change the litter box! Or if you have multiple pets, they each want their own private place to relieve themselves! A simple solution is to have a litter box for each cat living in the house spread in different**

places around the house. You may also want to try a different type of litter that your cat prefers. For cats that are straining to urinate or defecate call our office at 461-4416 for an appointment as these symptoms can mean something more serious is going on!

### **Loyal Client Program**

Our patients who receive all of their health care needs including appropriate vaccinations, heartworm and flea preventative at Boulevard Veterinary Hospital on a continuous basis will earn a 10% discount on services, after a one year qualification period. You may also want to consider utilizing a pet insurance program to help offset some of the medical costs of raising a pet. Check out our website for more information.

Our Pet Gallery is growing and we would love to have a picture of your pet on our homepage gallery! Email pictures to [blvdvethospital@verizon.net](mailto:blvdvethospital@verizon.net)

If you have topics you would like to read about in the Newsletter please feel free to email them to me anytime.

**Thanksgiving Boarding Reservations are being taken now!**

### **Next month is Pet Wellness month!**

Now is a good time to get your pet's semi-annual exam done before the holidays set in and the cold weather hits. Too busy shopping? You can drop off your pet in the morning and pick them up in the afternoon. We also offer daycare for those busy back to school or shopping days.

### **Dr. Connie is away in China on a continuing education trip!**

She is expected to return at the end of September so don't wait, make your acupuncture and holistic appointments now!
